BETTER OUTCOMES

How the Partnership Works

A simple, structured journey to an RyzBack Enabled Centre.

1. **Partner discovery**
   Understand your goals, centre profile and member needs.
2. **Centre assessment**
   Evaluate your space, client base and service opportunities.
3. **Device deployment**
   Supply and set up RyzBack devices with required accessories.
4. **Staff training & onboarding**
   Hands-on training for your team with certification and ongoing education.
5. **RyzBack software & service launch**
   Activate the app, workflows and service programmes tailored to your centre.
6. **Ongoing support, analytics & renewal**
   Continuous support, usage insights and new programme opportunities.

What Your Centre Gets

A complete solution to deliver better outcomes and grow your services.

RyzBack device ecosystem
Clinically designed device with a full range of accessories for diverse programmes.

App + software platform
Feature-rich app with guided programmes, tracking and progress insights.

Clinical / trainer workflow tools
Ready-to-use protocols, programme templates and client management tools.

Training & certification
Comprehensive training for your team with ongoing education and best practices.

Co-marketing & lead support
Marketing assets, local campaign support and lead generation initiatives.

Analytics, reporting & ongoing support
Usage analytics, outcome reporting and dedicated partner support.

Flexible Collaboration Models

Choose the model that works best for your centre.

Device Rental
Access RyzBack devices with flexible rental options and low upfront investment.

Software Subscription
Use our app, programme library and digital tools on a subscription basis.

Managed-Service Collaboration
End-to-end support including devices, software, training and ongoing service management.

Ideal Partner Profiles

Perfect for forward-thinking centres that want to deliver next-generation movement care.

- Physiotherapy & Rehab Centres
- Hospitals & Rehab Departments
- Gyms & Fitness Centres
- Clinics & Speciality Centres

Let's build the next generation of movement care together.
